

## Your Partner in Innovative Neurological Rehabilitation

Restorative Therapies develops a range of iFES therapy systems for neurological rehabilitation.

Restorative Therapies revolutionary neurological rehabilitation products combine the therapeutic modalities of complex iFES: functional electrical stimulation (FES); motor resistance or assistance; and activity-based therapy (ABT) that are all integrated with real-time biofeedback, data tracking, and sophisticated proprietary software to provide optimal therapeutic benefits for a wide range of neurological impairments.

To support a full continuum of care, our iFES therapy systems can be used in a clinic within an inpatient, outpatient, or wellness program. They can also be prescribed for use at home to ensure the continuity of care for patients who require long-term therapy.

FA100052C12	RT300-SL 12 Channel VA Patient	Restorative Therapies RT300-SL, 12 Channel FES leg ergometer with electrical stimulation for legs & trunk. Includes; SAGE controller; Left and Right RT60 six channel stimulators; RT60 AC powersupply kit; Stimulation cable; Initial electrodes included; 36 month manufacturer's warranty
FA100052C6	RT300-SL 6 Channel VA Patient	Restorative Therapies RT300-SL, 6 Channel FES leg ergometer with electrical stimulation for legs & trunk. Includes; SAGE controller; Left RT60 six channel stimulator; RT60 AC powersupply kit; Stimulation cable; Initial electrodes included; 36 month manufacturer's warranty
FA100052P12	RT300-SLA 12 Channel VA Patient	Restorative Therapies RT300-SLA, 12 Channel, FES leg cycle with e stim for legs & trunk with active/passive cycling for arms. Includes; SAGE controller; Left and Right RT60 six channel stimulators; Stimulation cable; Initial electrodes included; 36 month manufacturer's warranty
FA100052P6	RT300-SLA 6 Channel Patient	Restorative Therapies RT300-SLA, 6 Channel, FES leg cycle with e stim for legs & trunk with active/passive cycling for arms. Includes; SAGE controller; Left RT60 six channel stimulator; Stimulation cable; Initial electrodes included; 36 month manufacturer's warranty
FA104581P12	RT300-SLSA 12 Channel VA Patient	Restorative Therapies RT300-SLSA, 12 Channel FES ergometer with e stim for arms, legs & trunk. Includes; SAGE controller; Left and Right RT60 six channel stimulators; Stimulation cable; Arm attachment, curved; Arm rest with bar grip; Initial electrodes included; 36 month manufacturer's warranty
FA104581P6	RT300-SLSA 6 Channel VA Patient	Restorative Therapies RT300-SLSA, 6 Channel FES ergometer with electrical stimulation for arms, legs & trunk. Includes; SAGE controller; Left RT60 six channel stimulator; Stimulation cable; Arm attachment, curved; Arm rest with bar grip; Initial electrodes included; 36 month manufacturer's warranty
FA109080P12	RT300-LSA 12 Channel VA Patient	Restorative Therapies RT300-LSA, 12 Channel, FES leg cycle with e stim for arms & trunk with active/passive cycling for legs. Includes; SAGE controller; Left and Right RT60 six channel stimulators; Stimulation cable; Initial electrodes included; 36 month manufacturer's warranty
FA109080P6	RT300-LSA 6 Channel VA Patient	Restorative Therapies RT300-LSA, 6 Channel, FES leg cycle with e stim for arms & trunk with active/passive cycling for legs. Includes; SAGE controller; Left RT60 six channel stimulator; Stimulation cable; Initial electrodes included; 36 month manufacturer's warranty
FA216218P	Xcite at Home VA Patient	Restorative Therapies Xcite at Home Patterned Functional Electrical Stimulator. Includes; 6 channels of FES, Upper extremity, lower extremity, general activities for

LE and UE; Stimulation cable; Initial electrodes included; 36 month manufacturer's warranty
